### Portfolio

#### WEB2 EXPERIENCES

##### Senior Community Specialist - Netease, Rules of Survival

As one of the leads for the community operations, I have worked with managing official group, forum and channels for the Official Rules of Survival Community. Have led the creation and hosting of community events, community moderation strategies and coordination of local, national and international tournaments.

Have worked as a staff coordinator of the NOVA program of the Rules of Survival team that monitor streamers, talents and KOLs and make sure that they hit the industry standards and KPI provided by the program.

## WEB3 BUILDING

### [beuzabdiel.dev](#) - Twitter/Personal Blog

In a regular basis I do blogs and writing where I talk about technical stuff and building in the Web3 space. I utilize my platform such as twitter to evangelize the space and share about my learnings and experiences.

I actively connect and conduct interviews within the community and invite industry leaders in the space and add their perspective and insights in the writing. This blog is also supported by the [@0xPolyAdvocates](#).
